

Vented Equipment Fixed Trays (Heavy Duty)

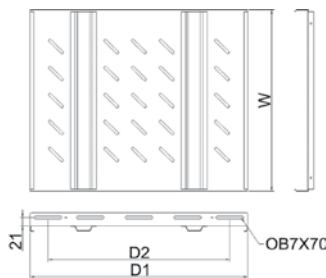

Universal Mounting Trays - UMT (1U Rack Mounted)

Telescopic Sliding Keyboard Trays (Standard)

Vented Equipment Fixed Trays (Heavy Duty)

Heavy duty fixed trays, having the same function as fixed trays, are distinctively accomplished, with a higher thickness in material used, to house equipments with weight of up to 100kg. Similarly, they are installed directly on the cabinets’ panel frame and come with ventilation slots.
